Research Bulletin

Verma RL, Katara, JL, Sarkar S, Reshmiraj KR, Parameswaran C, Devanna D, Jena D, Rout D, Singh V, Mohapatra SD, Mukherjee AK, Samantaray S, Patra BC and Nayak AK (2021). Hybrid Rice Technology: a profitable venture for improving livelihood of rice farming in India. NRRI Research Bulletin No. 31, ICAR-National Rice Research Institute, Cuttack 753006, Odisha, India. pp-44.

Training Mannual

1 Annie Poonam, B. S. Satapathy and S. K. Lenka, (2021) Training Manual on "Rice Based Integrated Farming System pp 1-115 for the training conducted from 09-12 November 2021 at NRRI funded by RKVY, Depaertment of Agriculture and Farmers Empowerment, Government of Odisha editors Drs. Annie Poonam, B. S. Satapathy and S. K. Lenka

2 Annie Poonam (2021) Training manual on Organic Farming Systems for the training conducted on virtual mode for the training conducted from 05 – 20 February 2021 editors: Annie Poonam, Ajay Singh Rajput, B. S. satapathy, Upendra Kumar, Debarati Bhaduri, Niranjan Swain at NRRI funded by RKVY, Depaertment of Agriculture and Farmers Empowerment, Government of Odisha

Training Compendium

1. Satapathy BS and Mishra SK (2021). Vermicomposting and nutrient recycling under Integrated farming system*in:* Compendium on 'Rice-based integrated farming system' (Poonam A, Satapathy, BS and Lenka S*Eds*.), ICAR-National Rice Research Institute, Cuttack. Pp.29-38.
2. Satapathy BS and Mishra SK (2021).Vermiculture and entrepreneurship opportunities involved*in:* Compendium on 'Agricultural Technologies' (Repalli SK, Das T, Nayak RK and Kumar GAK Eds.), ICAR-National Rice Research Institute, Cuttack. Pp.58-66.
3. Satapathy BS and Mishra SK (2021). Crop production technologies for organic farming*in:* Compendium on 'Organic Farming Systems' (Poonam A, Rajput AS, Satapathy BS, Kumar U, Bhaduri D, Swain N and Repalli SK *Eds*.), ICAR-National Rice Research Institute, Cuttack. Pp.20-26.
4. Kumar U. 2021. Phosphate solubilizing bacteria & Arbuscular mycorrhizal fungi as potential biofertilizers to enhance rice yield & entrepreneurial opportunities involved. In compendium on 'Technologies developed by ICAR-NRRI to strengthen rice production. 11-16 January, 2021. ICAR-NRRI, Cuttack, pp 1-2.
5. Kumar U. 2021. Organic Farming & Soil Health Management. In Compendium Entrepreneurship Programme development programme on Organic Farming Systems 15-20 February 2021. ICAR-NRRI, Cuttack, pp 34-38.

Presentation in Conference/Symposium

1. Bhaduri D., Shahid M. Kumar A., Chakraborty K., Pannerselvam P., Nayak A.K. (2021) Amendment induced Soil Redox potential (Eh) Gradients: Effect on plant-soil–atmospheric continuum in rice cultivars. ARRW Diamond Jubilee National Symposium – 2021 on 'GenNext Technologies for Enhancing Productivity, Profitability and Resilience of Rice Farming' ICAR-NRRI, Cuttack, Odisha.
2. Munda S*, Nayak AK , Khanam R, Shahid M, Panda BB, Guru PK, Tripathi R, Saha S, Chatterjee D. 2021. Effect of different establishment methods on rice grain yield, soil organic carbon and energy use efficiency under zero tillage" In: ARRW Diamond Jubilee National Symposium On "GenNext Technologies for

Enhancing Productivitry, Profitability and Resilience of Rice Farming" from 16-17, December 2021 at CuttacK.

3. M Sivsankari (2021) The use of D-optimal mixture design in optimizing the development of health promoting rice based extruded products International Web Conference on Global Research Initiatives for Sustainable Agriculture & Allied Sciences (GRISAAS-2021) during 13-15 December 2021"on the topic ""
4. Chatterjee D, Moharana KC, Nayak AK, Tripathi R, Shahid M, Kumar U, Munda S, Pani DR, Panda BB (2021) "Are all three pillars of conservation agriculture required for resource-efficient rice-based system?" (Paper No. ISSS_2021_ABS_K4050) In: 85th Annual Convention of the Indian Society of Soil Science to be held during November 16-19, 2021 at Palli Siksha Bhavana, Institute of Agriculture, Visva-Bharati (Central University), Sriniketan, Birbhum, West Bengal [Oral presentation]
5. Chatterjee D, Dutta SK, Kikon ZJ, Kuotsu R, Sarkar D, Satapathy BS, Deka BC, Pradhan A and Das SR (2021) Characterization of non-conventional vermicomposts and their application for enhancing yield and quality of bell pepper. In: 23rd Annual Convention and National Conference of the Clay Mineral Society of India (CMSI) on "Application of Clay and Allied Sciences in Agriculture, Environment and Industry" held during December 22-23, 2021 (online mode) [Oral Presentation]
6. Chatterjee D, Nayak AK, Pradhan A, Swain B, Das SR, Mohanty S, Satapathy BS, Tripathi R, Munda S and Swain P (2021). Impact of climate-smart technology on productivity and energy budgeting in rice-green gram cropping system (ADJNS/TH-II/LT/40). In: Diamond Jubilee National Symposium on GenNext Technologies for Enhancing Productivity, Profitability and Resilience of Rice Farming. Dec 16-17, 2021 organized by Association of Rice Research Workers, Cuttack, Odisha, India – 753 006. [Oral Presentation]
7. Rahul Tripathi, Neha Bhaskar, PK das, M Shahid, S Mohanty, S Munda, A Kumar, KC Moharana, M Rajak, CK Swain, AK Nayak 2021. Modelling methane and nitrous oxide emission under different resource conservation technologies in rice based systems. Presented in the ARRW Diamond Jubilee National Symposium held at ICAR-National Rice Research Institute, Cuttack, Odisha-753006 during December 16-17, 2021 in Virtual Mode
8. Sangita Mohanty, A.K. Nayak. Anjani Kumar, Rahul Tripathi and D. Chatterjee (2021)Comparative performances of polymer coated urea vis-à-vis neem coated and uncoated urea in relation to yield and N use efficiency of rice" in the ARRW Diamond Jubilee National Symposium held at ICAR-National Rice Research Institute, Cuttack, Odisha-753006 during December 16-17, 2021 in Virtual Mode

Trainings conducted

1. Conducted training on organic Farming Systems for entrepreneurship from 15-20 February 2021 on virtual mode in collaboration with ABI, NRRI at NRRI Cuttack where 31 participants were there from different parts of India

2. A farmers awareness cum training programme on “Mushroom production and vermi-composting for residue recycling and income” was organized at Village : Mallick Sahi, Block : Gop, District : Puri on 03.03.2021, under the Project, “Development & Demonstration of Integrated Farming System for Livelihood Security of Small and Marginal Farmers in Coastal Odisha(EAP- 252)”,
3. A farmers field day cum training programme on “Rice based integrated farming system” was organized at Village : Pippalmadhab, Block : Tirtol, District : Jagatsinghpur on 08.11.2021, under the Project, “Development & Demonstration of Integrated Farming System for Livelihood Security of Small and Marginal Farmers in Coastal Odisha (EAP- 252)”
4. A Farmers’ Training “Conservation agriculture for enhancing the productivity of rice based cropping system in eastern India” was conducted in Balibhanda village, Kendrapara, on 06.01.2022 with the participation of 30 farmers as course coordinator.
5. Farmers’ Field Scholl on real time N management in rice was conducyed in Badakusunpur village of Tangi Block in district Cuttack during January to March 2021.
